#WIRELESS INCLUDED IN THE BOX

iProjection

Display content from your iPhone®, iPad®, or iPod touch® with the EPSON iProjection app. This new application allows road warriors to travel light and present from their mobile devices. For teachers, walking around the class and sharing content larger than life is a snap. The EPSON iProjection app will enable you to have the wireless freedom you've come to expect from your mobile device. The app is easy to use and navigate with intuitive menu options that help bring your iOS content to the big screen.

1 Connect your iOS device to the network your projector is on

2 Launch the EPSON iProjection App and select the connected projector you wish to use

3 Select the file you wish to project (document, photo, etc.) and you're ready to go

Education Models

The Epson range of Ultra Short Throw projectors are available in an Education specific configuration; denoted by an "e" on the end of the name. Visit www.epson.com.au or www.epson.co.nz for more information.

Start Lessons Instantly with Instant Annotation

Why wait for a PC to start up before you start your lesson? The EB-475Wi and EB-485Wi both share a unique feature whereby you simply turn on the projector, grab your interactive pen, and start writing!

Twice the Engagement

With not one, but two interactive pens included with both the EB-475Wi and EB-485Wi, your journey to class engagement is only as far away as your imagination. Both interactive pens function independently of each other, and simultaneously!

LARGE VENUE

Epson EB-G5800

The flexibility and features to overcome virtually any installation challenge. Epson's Large Venue projectors are engineered for exceptional performance, reliability and ease of installation.

3LCD

When it comes to projector technology, image quality is the hallmark of excellence. When powerful images are a must, so is an Epson 3LCD projector. Projectors that use 3LCD technology are easy on the eyes because they reproduce beautiful images and bright, natural colours with smooth motion and no colour break-up.

PERIPHERALS

Lamps, mounts, document cameras, screens and more, Epson has a solution.

ELP-DC06

The Epson DC-06 is a flexible, compact and portable document camera with USB connectivity to an Epson projector, PC or Mac. Powered via USB for ease and simplicity.

ELP-DC11

The Epson DC-11 is a high performance document camera featuring amazing image quality with a 5MP sensor and SXGA resolution and advanced connectivity. A versatile teaching tool, that is a must have for every modern classroom.

ELP-IU01

Affordable interactivity – The ELP-IU01 provides interactivity to both new and existing projector infrastructure.

ELP-IU03

Simply add the ELP-IU03 to your EB-400 series projector and you can make virtually any wall a fully interactive workspace.

ELP-CB01

The simple solution to cable management and projector control. With the ELP-CB01, users can access a broad range of connectivity options including HDMI, extend USB cable length and control audio and projector functionality.

ELP-SP02

Enhance the learning experience in your classroom with the crystal clear audio delivered by the ELP-SP02 2 x 15W Active speaker set from Epson. A perfect match to your Epson projector.

ELP-MB22

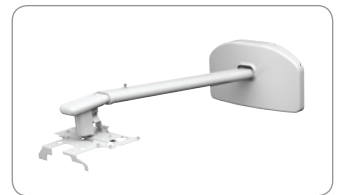

Epson flush ceiling mount to suit: G Series and 1080p Home Cinema projectors.

ELP-MB23

Epson flush ceiling mount to suit: All Epson projectors excluding G Series, Z Series and 1080p Home Cinema projectors. (EB-1700 Series requires the PT01 adaptor plate sold separately).

ELP-MB27

The Epson ELP-MB27 Short Throw Wall Mount is designed for seamless integration with your Epson Short Throw Projector.

ELP-MB25/26

Epson flush (MB25) ceiling mount / telescopic (MB26) ceiling mount to suit Z Series projectors.

ELP-MB29

Versatile tabletop mount for the EB-475wi and EB-485wi. Transform a regular tabletop surface into a fully interactive teaching centre.

ELP-MB30

The ELP-MB30 is a low clearance mount suitable for Epson's 1080p Home Cinema range and G series projectors.

ELP-FP13/14

Epson extension pole to suit ELP-MB22, ELP-MB23. Extension range 668 - 918mm (FP13) / 918 - 1,168mm (FP14).

3D Glasses

Epson's Active Shutter 3D glasses are battery operated and designed to be one size fits all.

ELP-SC21B

Epson 80" portable tripod screen. Aspect ratio: 16:9.

ELP-SC26

Epson Multi-Aspect screen. Converts to 4:3, 16:9 or 16:10 in seconds.

ELP-SC32

Epson 50" Desktop screen. This ultra compact, ultra portable screen is ideal for business people on the go. The perfect partner to the Epson EB-1700 series.
