**BUILT TO PERFORM**

# EPSON Connect

## What is Epson Connect?

Print your documents, emails, web pages, or photos from your mobile device easily and wirelessly! Epson Connect gives you the tools to print from the comfort of your couch, from your office, down the hall to the printer, or even across the globe! All you need is one of our compatible Epson printers and your smart phone, tablet or mobile computer.

## Epson Connect iPrint - Wireless printing for smart phones and tablets

Print from your mobile device to a nearby wireless Epson printer. Epson Connect iPrint™ makes it easy. Just install the app and you're ready to print web pages, Microsoft® Office documents, photos, and PDFs over your home or small office network. You can even scan and save the file on your device, to send as an e-mail or upload to a cloud service such as Box.net, Dropbox, Evernote® or Google® Docs. Works with iOS and Android devices.

## Epson Connect Email Print - Print from anywhere.

You can print to an Epson printer, anywhere in the world from your mobile device or computer! All you need is the email address assigned to the Epson Connect Email Print enabled printer.

## Other Services for MOBILE Printing

### Apple AirPrint™

AirPrint™ is wireless printing right from your iPad®, iPhone® or iPod touch®1. AirPrint on iOS devices makes it simple to print your email, photos, web pages, and documents. There's no software to download, no drivers to install, and no cables to connect. The application is compatible with Apple iOS, iPhone, iPad & iPod touch.

### Google Cloud Print™

Google Cloud Print™ allows you to print on the go from your smart phone or tablet with Gmail for mobile, Google Docs for mobile and other supported apps. Plus, print from Chromebooks and the Google Chrome browser without drivers or cables. The application is compatible with Android Phones & tablets, Chromebooks and any other device that can send an email.

# EPSON Inks

## Epson DURABrite® Ultra Ink

**Laser sharp text and vibrant graphics for home and office use**

Exclusive to Epson, DURABrite Ultra ink is a 4 colour pigment based ink technology that delivers ultra sharp detail on plain and specialty papers. These fast drying inks deliver durable prints that are water, fade and smudge resistant and highlighter friendly too.

## Epson Claria® Ink

**Epson Claria® Premium Ink**  
Versatile ink designed for great photos and sharp quality text

This 5 cartridge ink system consists of 4 colour dye inks and 1 pigment black ink and is ideal for printing a mixture of documents and photos.

**Epson Claria® Photo HD Ink**  
Designed for high definition photo prints

A 6 colour dye-based ink system that delivers an extensive colour gamut for high contrast images and smooth natural skin tones for superior photos.

Claria inks deliver photo quality results lasting up to 300 years.

## Epson UltraChrome® Ink

**Outstanding durability and quality for the advanced photographer**

Epson UltraChrome is a resin coated pigment ink renowned for its 8 ink cartridge system that delivers superior colour gamut, lightfastness and water-resistance. The UltraChrome group of inks consists of two different types: Hi-Gloss2 ink and K3 ink with Vivid Magenta, providing photographers with unlimited flexibility to produce long lasting prints on a wide range of media.
