**LIGHTFASTNESS**

Lightfastness#:	Up to 120 years on Epson Matte Paper Heavyweight
<b>LIGHTFASTNESS TEST CRITERIA (INDOOR DISPLAY CONDITIONS)</b>	
Light source	Fluorescent light
Intensity	70k lux
Temperature	24°C
Humidity	60% RH
Glass Mount	2mm, soda lime
Fade Criteria	Pure YMC 30% loss at OD=1
Display Life Calculation	Total illuminance/(500 lux x 10 hours x 365 days = 1 year)

Tests developed and conducted by Epson under fluorescent light (indoor display conditions) with glass mount. The data is calculated by Epson's accelerated testing of prints on specialty media.

# Data is calculated using accelerated simulation of fading under indoor preservation conditions including fluorescent light indoor display. Temperature, humidity and some atmospheric gases may also affect the rate of estimated lightfastness and does not include the colour changes or the durability of the paper itself. Epson prints to be stored in a photo album (or plastic photo storage box) in acid free, archival sleeves commonly available from most camera shops.

^ Print speed (PPM) when printed on A4 plain paper in the fastest mode. 10x15cm photo print speed when printed on Epson Premium Glossy Photo Paper in draft mode. Print speed may vary depending on system configuration, print mode, document complexity, software, type of paper used and connectivity. Print speed does not include processing time on host computer.

\* Based on ISO/IEC24711 and 24712 test suite [Click here for details on ISO testing. \(PDF\)](#)

† Maximum pages per minute (PPM) are measured after first page with text patterns in Draft Mode on plain paper. ISO ppm is based on ISO/IEC 24734. Black and colour print speeds are determined in default, single-side mode, in accordance with ISO/IEC 24734. Actual print times will vary based on system configuration, software, and page complexity. See [www.epson.com.au/printspeed](http://www.epson.com.au/printspeed) for details, including complete ISO reports.

\*Some applications and/or functions, like two-sided printing, may not be supported by Mac®
