Integrated computing power

The TM-T70II-DT is designed to offer retailers efficient POS computing power & configuration flexibility. It includes a POS terminal with POSReady 7 or Linux operating system powered by an Intel Atom 1.8GHz processor. Optimised for stability & performance, the PC is integrated into an ultra-small footprint of an Epson POS receipt printer.

POS configuration flexibility

TM-T70II-DT provides the application power & configuration flexibility to support fixed, mobile & hybrid POS applications. With 6 USB ports, it can function as a device hub for your POS system. POS peripherals such as scanners, magnetic stripe readers, customer displays, scales & EFT (electronic funds transfer) terminals - can be conveniently controlled from the web via the application interface. It also supports thin client & Web-based POS applications &, with its compact footprint, it reduces the need for counter space in checkout lanes.

Powers kiosks & kitchen display systems

With its embedded PC with VGA output, the TM-T70II-DT can drive kiosk applications & kitchen display systems. And with its Ethernet or optional Wireless-N cards for internet connectivity & PXE boot support, it offers a reliable, retail-hardened kiosk solution.

Flexible, web-based mobile printing

To support mobile POS deployments, the TM-T70II-DT features a built-in Web server & Epson's ePOS-Print technology that enables browser-based printing from any mobile device, with no drivers to install. The ePOS-Print technology provides seamless communication between the receipt printer & mobile devices anywhere in the store.

Add value with cloud services

Epson's TM-T70II-DT helps deliver personalised customer experiences by enabling cloud-based services such as data analytics, loyalty, coupons, rewards & digital receipts.

Designed to fit

With its small size & low height (only 114mm high), the TM-T70II-DT with full front operation is designed to fit under counters in small kiosks or other limited spaces.

Reliable receipt printing

Epson's built-in TM-T70II POS printer is easy to operate & maintain. It features front-dispensing receipts, front drop-in paper loading & front-facing controls. In addition, it offers print options that can reduce paper usage up to 30% & industry-leading energy efficiency.

Only from Epson

The TM-T70II-DT features the quality & reliability Epson is known for & is backed by our industry-leading service & support programs.
