50% Lower Printing Costs than Colour Lasers*

Introducing the new Epson WorkForce Pro range

With super fast printing speeds, higher ink capacity and lower cost per page to increase your business productivity.

The WorkForce Pro range is -

1. Faster

The WorkForce Pro range first page print out speed is **15%** faster than other printers¹ in it's class during one sided printing and **53%** faster with two-sided printing²!

2. More economical; Save 50%

The WorkForce Pro range features XL capacity cartridges which have a page yield of approximately **2,400 pages** in black and 1,200 in colour resulting in a lower cost per page. **50% less cost** than colour laser printers³.

3. More Productive

The WorkForce Pro range includes a total paper capacity of up to **580 pages**, including up to 2 x 250 sheet paper trays and includes an 80 page tray for envelopes, labels and speciality media.

4. More Durable

The WorkForce Pro WP-4530 has a duty cycle of **20,000 pages** giving you more reliability and less downtime.

5. More Compact

The WorkForce Pro range has a better feature set¹ yet has a **smaller footprint** meaning valuable office space is free.

6. Environmentally responsible

Use **70% less power** than a laser printer[^] and no warm up time.

EPSON Connect

Introducing Epson Connect

Now you can print your documents, emails, web pages, or photos from your mobile device easily and wirelessly! Epson Connect gives you the tools to print from the comfort of your couch, from your office, down the hall to the printer, or even across the globe! All you need is one of our compatible Epson printers and your smart phone, tablet or mobile computer. Get ready to change the way you think about printing!

Epson Connect iPrint: Wireless printing for smart phones and tablets

Wires are so yesterday — today it's all about wireless printing! Print anytime to a nearby wireless Epson printer. Epson Connect iPrint™ makes it easy. Just install the app and you're ready to print web pages, Microsoft® Office documents, photos, and PDFs over your home or small office network. You can even scan and save the file on your device, to send as an e-mail or upload to a cloud service such as Box.net, Dropbox, Evernote® or Google® Docs.

Epson Connect Email Print: Print from anywhere. No really, anywhere!

Epson Email Print will revolutionise the way you print. Now you can print to an Epson printer, anywhere in the world from your mobile device or computer! All you need is the email address assigned to the Epson Connect Email Print enabled printer.

Related Services for MOBILE Printing

Apple AirPrint™

AirPrint™ is wireless printing right from your iPad®, iPhone® or iPod touch®¹. AirPrint on iOS devices makes it simple to print your email, photos, web pages, and documents. There's no software to download, no drivers to install, and no cables to connect. The application is compatible with Apple iOS, iPhone, iPad & iPod touch.

Google Cloud Print™

Google Cloud Print™ allows you to print on the go from your smart phone or tablet with Gmail for mobile, Google Docs for mobile and other supported apps. Plus, print from Chromebooks and the Google Chrome browser without drivers or cables. The application is compatible with Android Phones & tablets, Chromebooks and any other device that can send an email.

What devices work with Epson Connect?

Epson Connect works with most Apple iOS, Android and Blackberry® devices in addition to other smart phones² and notebooks.

Printer Models with Epson Connect

Epson Stylus®
NX430, NX635

Epson WorkForce
545, 645, 845, 7510, 7520

Epson Artisan
730, 837

EPSON Inks

Epson DURABrite® Ultra Ink

Laser sharp text and vibrant graphics for home and office users.

Exclusive to Epson, DURABrite Ultra ink is a 4 colour pigment based ink technology that delivers brilliant, ultra sharp detail on plain and speciality papers. These fast drying inks deliver durable prints that are water, fade and smudge resistant and highlighter friendly too.

Water Resistant

Highlighter Friendly

Laser Sharp Text On All Paper

Low Cost Cartridges

Epson Claria® Photographic Ink

Ultra high definition photo prints and suitable for creative projects.

Epson Claria Photographic ink is the ultimate dye ink designed especially for photo printing and creative projects. Printed on Epson's range of photo papers, it delivers ultra high definition, colour reproduction, and glossiness, with a durability superior to that of silver halide or traditional lab photos.

Epson UltraChrome® Ink

Outstanding durability and quality for the advanced photographer.

Renowned for its superior colour gamut, lightfastness and water-resistance, Epson UltraChrome is a resin coated pigment ink that delivers prints of outstanding durability and quality. Comprised of eight individual ink cartridges, the UltraChrome group of inks consists of three different types: High-Gloss ink, Hi-Gloss2 ink and K3 ink with Vivid Magenta, providing photographers with ultimate choice and unlimited flexibility to produce long lasting prints on a wide range of media.
